

**"Manatee Rock"** (lyrics)  
(sung to the tune of "Jingle Bell Rock")

Manatee, Manatee  
Manatee Rock...

First Verse:

Manatee, manatee, manatee rock,  
Here's what we'd say if we could talk,  
All of you boaters, we wish you'd slow down,  
When you come through our river town,  
Manatee, manatee, manatee rock,  
That's where we hid or under a dock,  
We hide from you boaters who drive much to fast,  
And that's how we last!

Chorus:

There's a fast one, and that's no fun,  
Because we swim so slow,  
It's a tough dive, just to stay alive,  
When we have to go below. (*Hold nose and dip down!*)  
Come on, you manatees, pick up your speed,  
Swim on around the dock,  
Splashin' and swimmin' in the Florida heat,  
That's the manatee rock!

Second Verse:

Manatee, manatee, manatee rock,  
Your boat's on the run, but we wish it would walk,  
Your spinning propellers cut us and scar,  
Make us look like we've been to war,  
Manatee, manatee, manatee rock,  
Here's what we'd say if we could talk,  
Your boats hurt and kill us and could make us extinct,  
How we wish you'd just think!
